

ATTENTION: CAFS TEACHER

HSC Webinars

In conjunction with the CAFS HSC Enrichment days there will be a series of webinars available to Year 12 students and their teachers who were unable to attend one of the HSC Days.

What is a webinar? A Webinar, or "Web seminar," is an online event designed to facilitate communication between a presenter and a large remote audience using the Internet. The attendees can ask questions and get responses during the webinar. Students can access the webinar individually through a computer or the whole class through a data projector.
